

**Lakeridge Presbytery
Church Extension Council
Corporation**

TO: Communities of Faith
within former Lakeridge Presbytery

Brothers and Sisters in Christ:

As of January 1, 2019, Lakeridge Presbytery ceased to exist, and the East Central Ontario Regional Council sprang into existence. However, the Corporation known as Lakeridge Presbytery Church Extension Council (CEC) of The United Church of Canada continues to serve the communities of faith that made up Lakeridge Presbytery on December 31, 2018.

The Corporation provides loans and grants to help with major capital projects. Recent loans and grants have been for roof replacements, parking lot rehabilitation, elevator replacements, and audio-visual upgrades. The members of the Corporation had been the executive of Presbytery, but changes to the Corporation bylaws passed at a special members' meeting in 2018 now permit the individual communities of faith to designate two delegates to the annual meeting to do the business of the corporation at the Annual General Members meeting.
