**We will meet by ZOOM on  
Tuesday November 9<sup>th</sup> 2021  
with program beginning at 1:10 pm.**

The title of Murray's talk is: **Where We Are: Relationship, Land and Respect.** "The act of being and living together is a very important but timely process, that never ends. In the work of the Indigenous Church and the need to create equitable understanding of Nations and belonging, I will invest in some stories and current events of where we are as people of the land and how much we need to unite and learn from one another. The land speaks to us in relationship, guides us to where we need to walk together as a church and as Humankind."

***Signing into ZOOM will commence at 12:45 pm for a time of visiting. At 1:10 pm, we will open our session with a prayer, followed by recognition of the land and then introduce our guest speaker.***

***Everyone from Sydenham St., Chalmers and Faith United Churches and people in East Central Ontario Regional Council area are invited to attend.***
